To Whom It May Concern:

It is my pleasure to write a letter of recommendation for Evan Matoske. Evan worked as an intern for me at the Poppy Hills Golf Course in Pebble Beach, CA during the summer of 2011. While under my supervision he worked inside the golf shop making tee times, checking in guests and maintaining up keep in the shop. He also worked outside in the cart barn and also as a starter.

He established an outstanding rapport with both customers and staff. His ability to get work done was outstanding as was his commitment to learning. Evan was highly respected by the people who worked with him. He was organized, thorough in getting completed whatever needed to be done and was always on time.

Evan did an excellent job and I would highly recommend him for a position with your organization. Please let me know if I can provide you with any further information.

Respectfully,

Art Kerrick

Golf Operations Supervisor
